

## Purpose of the Pend Oreille County Republicans (POCR) Platform:

The purpose of this document is to:

1. Provide a comprehensive means of presenting our local Republican Party values to our voters.
2. Communicate to our elected Representatives the current consensus on principles of the POCR members.
3. Provide a foundational base template from which we may derive vetting questions and performance expectations. These will, in turn, inform our endorsements for and the partial funding of candidates running for public office. Our findings and recommendations will be published for the benefit of all county voters.
