

Authority of the POCR and Platform:

The POCR is the only lawfully chartered organization in the county representing the official Washington State Republican Party (WSRP) and the National Republican Committee (RNC). As such, the POCR is empowered to represent and protect the Republican brand. The POCR is subject to operating within the guidelines of the WSRP as well and the Revised Code of Washington (RCWs) with regards to regulating non-profit political parties.

Therefore, the POCR reserves the right to determine who is a “Republican” and how the GOP brand may be used in the representation of any other political organization or candidate in Pend

Oreille County. As a result, the POCR Platform provides our county officials the Republican position on issues specifically related to our County.

In addition, we subscribe to the platforms of the RNC and WSRP. Consequently, the POCR Platform may be read collectively within the context of the National and State Platforms, where there may be duplications, and the addressing of different issue; and each may stand together, or own its own.
